

**Toronto and New York – March 12, 2007 – QUANTUM CAPITAL COMPLETES \$84 MILLION ACQUISITION OF SKYWAY CANADA LIMITED**

Quantum Capital announced today that it has completed the acquisition of Skyway Canada Limited and Total Support Services Limited (“Skyway”), the largest privately held Canadian scaffolding company and industry leader.

“Skyway will continue to provide the innovative programs and total solutions to its clients that have enabled us to establish an outstanding reputation over the last 40 years” said Paul Wilson, President & CEO. “Our new partners will contribute their knowledge and experience and enhance the company’s ability to undertake large projects throughout the country.”

“Quantum and its all-Canadian investor group are delighted to be involved with Skyway and support such a high quality management team with a significant track record of success in the scaffolding industry,” said Andrew Blott, Managing Director with Quantum, “This business has an abundance of opportunity across Canada and a dedicated ‘family’ of long serving employees to capitalize on these opportunities.”

**About Skyway ([www.skywaycanada.ca](http://www.skywaycanada.ca))**

Skyway Canada is an industry leader in the scaffolding business offering rental, sales and services across Canada through an established presence of branches combined with a dealer network. Skyway provides its services to clients in both the construction and industrial sectors and has a 40 year track record of success. It is well represented in the key drivers of the Canadian economy including: the petrochemicals, construction, power generation and forest products industries. The Company provides equipment and access services associated with the construction, renovation, restoration and maintenance of buildings, airports, bridges, private and public capital infrastructure and industrial projects within Canada. The Skyway scaffolding solution includes the provision of all equipment and labour necessary to meet its customer’s requirements.

**About Quantum Capital ([www.quantumcapital.com](http://www.quantumcapital.com))**

Quantum Capital is a New York headquartered private equity investment firm. Working on behalf of an established network of high net worth business leaders, Quantum makes control investments in emerging and middle market companies. Quantum invests to achieve targeted value-add or value-arbitrage returns in sole-sourced and proprietary investment opportunities. Typical Quantum investments range in value from \$25 million to over \$300 million including equity contributions of \$5 million to \$75 million per transaction.
